Objective: Ideally I would like to work as Project Manager as part of an interdisciplinary team within software development.

WORK EXPERIENCE

09/08- **Project Manager**
Mogul AB

Stockholm, Sweden

- Project Manager at an in-house consultant company with software developers both in Serbia and Sweden
- Full Financial and Technical responsibilities in Public Web project for Swedish customers
- Working in close collaboration with distributed developers teams and the product owners using the agile method Scrum
- Experience working with development in EPi Server, Litium CMS as well as stand-alone Java applications

11/07-4/08 **Intern Technical Project Leader and Usability Tester**
Indpro AB

Bangalore, India

- Analysed communication flow
- Participated in all aspects of .Net/Java/PHP projects using the agile method Scrum, and having primary responsibility for usability testing
- Led the Indian leg of the project process and liaised between the Swedish client and the Indian software engineers
- Assisted in the software development chiefly on the UI level

6/07-9/07 **System and Web Developer**
Mera Uppåt AB

Stockholm, Sweden

- Developed and integrated a booking system based on the open source tool; MRBS. The system is still operational and has been distributed to, and is being used by, an additional client.
- Technologies used: PHP 4, MySQL 4.1, Java Script, CSS, HTML

6/07-8/07 **System and Web Developer**
Mänskliga Företag i Sthlm AB

Stockholm, Sweden

- Developed a beta version of an interactive health portal. I worked alone, but in close collaboration with the stakeholders.
- Technologies used: PHP 4, MySQL 4.1, Java Script, CSS, HTML

LANGUAGE SKILLS

- **Native:** Swedish
- **Fluent:** English, Norwegian, Danish
- **Conversational:** Spanish

OTHER SKILLS AND INTERESTS

At leisure, I travel in discovery of different cultures. I enjoy the company of others and as such collaborate well in a team. My family is a multi-national, multi-racial potpourri of Sweden, Finland and the Caribbean. That, combined with studying and working abroad along with extensive travel, has resulted in my being very at home in the world.
